Subject: Twin Air – Introducing the Powerflow Throttle Body Kit

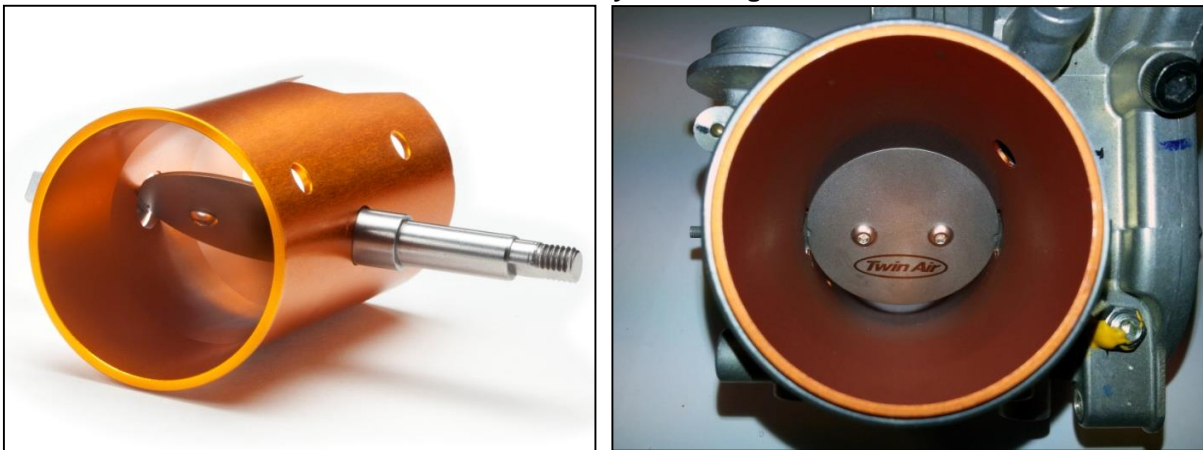

Dear Customer,

Twin Air is proud to announce their latest innovative product; the Powerflow Throttle Body Kit.

The Powerflow Throttle Body Kit is an off-the-shelf, easy to install, throttle body performance kit that creates more power and better throttle response. The kit comes with two different performance options, one for low-mid range performance and the other for top end performance.

The Twin Air Powerflow Throttle Body Kit **Configuration #1** provides low-mid range gains utilizing a smaller diameter intake tube and a lower profile throttle valve. This configuration increases the throttle response making the power more controllable.

Powerflow Throttle Body Kit Configuration #1

The Powerflow Throttle Body Kit **Configuration #2** is designed for increasing top end power gains by reducing the surface area of the throttle body valve. This configuration does not use the orange intake tube.

Powerflow Throttle Body Kit Configuration #2

Twin Air Powerflow Throttle Body Kit Applications:

Part Number:	Description:
160700	Powerflow Throttle Body Kit Honda CRF250 2012 CRF450 2011/2012
160701	Powerflow Throttle Body Kit Honda CRF250 2013/ 2014 CRF450 2013/ 2014
160710	Powerflow Throttle Body Kit Kawasaki KXF250 2011/2012
160711	Powerflow Throttle Body Kit Kawasaki KXF250 2013
160712	Powerflow Throttle Body Kit Kawasaki KXF450 2009/2012
160713	Powerflow Throttle Body Kit Kawasaki KXF250 2014 KXF450 2013/ 2014
160720	Powerflow Throttle Body Kit Yamaha YZF450 2010/2013
160721	Powerflow Throttle Body Kit Yamaha YZF250 2014 YZF450 2014
160730	Powerflow Throttle Body Kit Suzuki RMZ 250 2009/ 2014
160731	Powerflow Throttle Body Kit Suzuki RMZ 450 2008/ 2014
160740	Powerflow Throttle Body Kit KTM SXF250/350/450 11/2012 EXC250/350/450/500 13/ 2014 ↳ Husqvarna FE250/350/450/501 2014
160741	Powerflow Throttle Body Kit KTM SXF250 2013/ 2014 Husqvarna FC 250 2014
160742	Powerflow Throttle Body Kit KTM SXF350/450 2013/ 2014 Husqvarna FC 350/450 2014
160799	TPS-Tool (throttle positioning sensor)
